1901.

REPORT OF THE SCHOOL BOARD, MARLOW TOWN DISTRICT.

Another year has passed and we again present our annual report for your inspection. No material difference will be noted in our expenditures, by comparing them with reports of previous years.

Schools have been maintained thirty weeks in all except two divisions. No. 1 had eleven weeks in the spring, and the scholars were conveyed to No. 4 for the remaining nineteen weeks. Scarlet fever entering the school obliged us to close No. 5 one week earlier than we should otherwise have done.

Conditions arose in one or two instances which made a change seem desirable, but our schools on the whole have been successful; ranking, we think, above the average. Our teachers, with one exception, have been those of experience, and that exception proved a success. Some of them have had a wide and varied experience, and all have labored zealously and conscientiously for the improvement of their pupils.

The greatest hindrance to the prosperity and advancement of our schools is irregular attendance. The number of marks, absent and tardy, are altogether too many. While we rejoice at the gain over last year's record, we still think that eleven hundred days of absence, in a town of this size, far in excess of what it should be, and we urge parents and scholars to coöperate and keep future registers as free from such marks as possible. Most of the responsibility for irregular attendance rests upon the

parents, and it is strange that they cannot realize the injury they are doing their children, in allowing them to remain away from school when in session, or coming in late, disturbing others and losing much valuable time themselves, and we again emphatically urge you to make an effort to have your children punctual and the attendance as perfect as possible. We hope that during the coming year, every child will strive to be present at every session and to be there in season.

In closing this report we wish to thank the teachers, the scholars and the citizens for the kindly courtesy shown us during the year.

REPORT OF TRUSTEES OF TOWN LIBRARY.

Your trustees would report the library as being in usual good condition. The same difficulties are met here, as are in other places, careless and unappreciative use by many, painstaking care by others. The schools, as such, were allowed the use of books for the first time this year, to their benefit we believe; to a certain extent, books were purchased to meet this use. It has also been the policy of the trustees to have in mind the younger class of readers when selecting books, believing this field to be the most important one of all to cultivate. We have now on our shelves 1,151 books, exclusive of state papers and pamphlets, for which we have no room. We have received from Mrs. Currier, a copy of ex-Gov. Currier's writings; also, a "Book of Recollections," by Dr. Charles W. Stevens, whose sad and sudden death, recently, has brought vividly to mind the very great pleasure afforded our people in greeting him last Old Home Week, after an absence of over fifty years from his native town.

E. A. JONES,
G. F. GEE,
For Trustees.
